## Author undertaking

☐ The manuscript is original, has not been published in the same or substantially similar form elsewhere, and is not under consideration by another journal.

☐ The manuscript will not be submitted to another journal until FIAR communicates its acceptance or rejection.

☐ All authors have made appropriate contributions, reviewed and approved the final manuscript, agreed to its submission to FIAR, and authorised the corresponding author to act on their behalf.

☐ Any request to add, remove, or rearrange authors after submission must include the written consent of all authors and is subject to approval by the Editor-in-Chief. Authorship changes are not ordinarily permitted after publication.

☐ All sources are properly acknowledged. Required permissions have been obtained for copyrighted tables, figures, images, or other material.

☐ Any applicable ethics approval, informed consent, funding, conflicts of interest, and use of generative AI have been disclosed accurately.

☐ The authors accept responsibility for the accuracy and integrity of the work and will cooperate with corrections or retractions if required.

## Copyright and open access licence

**The author(s) retain copyright.** If the manuscript is accepted, the author(s) grant FIAR and The Koshika Academic Publications the non-exclusive right of first publication and permission to publish, archive, distribute, and identify FIAR as the original publisher.

The author(s) agree that the published article will be licensed under the Creative Commons Attribution-NonCommercial 4.0 International licence (CC BY-NC 4.0), allowing use, sharing, and adaptation for non-commercial purposes with appropriate credit to the author(s) and original publication. This is a licence to publish and does not transfer copyright ownership to the journal. Commercial reuse requires separate permission from the copyright holder, except where permitted by law.

## Declaration by corresponding author

I confirm that I am authorised by all co-authors to sign and submit this form on their behalf, that every author has assented to this declaration, and that the information above is correct.
